A moment

in time can

live forever.

Imagine... your little darlings all dressed up in their
new spring outfits. They grow up so quickly.

Don't let another precious moment slip away. At Carolyn Whitmore Studio & Gallery, we capture their innocence and joy with that touch of magic in a way that no one else can.

Just in time for Mother's Day and Father's Day. See why Carolyn Whitmore Studio portraits are the most sought after child portraits by discerning parents.

We are now accepting appointments for sessions to create a limited number of spring portraits that are sure to become cherished family heirlooms.
